WCCS Launches New Web Site!

Warren County Community Services, Inc. (WCCS) has launched a new, enhanced, information-packed Web site at www.wccsi.org. This new Web site better reflects WCCS' crucial work and its impact throughout Warren County. WCCS helps ensure that the elderly, women, children, and families have access to basic essentials like nutritious food, proper medicine, quality early education and child care, and warm, safe housing.

"We're excited about the opportunities the new site offers visitors," says Larry Sargeant, WCCS Executive Director. "Providing services and connecting people to resources is what we do well. We've added substantial content. The site showcases WCCS programs and services, highlights the latest WCCS news, and offers downloadable brochures and other support materials."

In addition, the 741 Center's calendar of events and up-to-date nutrition menus are readily available. WCCS provides hot, nutritious meals daily and operates the Meals on Wheels™ throughout Warren County.

The cleaner look and simple graphics make the Web site not only attractive, but also, very readable and accessible. Be sure to visit www.wccsi.org today. Find out more about services to help you or how you can donate to help others.
