An Invitation to Serve Your Community

The RSVP volunteer program of Warren County assists individuals, 55 years of age and over, in exploring their volunteer interests.

As a leader in volunteer recruitment and placement, RSVP partners with local nonprofit agencies to match your interests and skills with challenging, rewarding and significant service opportunities in your local community.

RSVP offers maximum flexibility; you choose where you want to serve, what you want to do and how much time you want to give.

“In RSVP, we don't just want to change the world; we're old enough to know how.”
