# An Early Start for a Bright Future

Children begin learning the moment they are born, and every experience shapes their development. Early Head Start is here to support you in your role as your child's first and most important teacher.

# Our Programs

## For Infants, Toddlers, and Expectant Mothers

Parenting comes with its challenges, no matter where you are in the journey. Whether you're preparing for your little one's arrival, adjusting to life with a newborn, or keeping up with a busy toddler, having the right support can make all the difference.

That's why WCCS offers Early Head Start, designed to give you tools and encouragement as you care for your little one.

We offer two options to best support you: home-based and center-based services.

### Home-Based Services

Families receive a weekly home visit from a specially trained professional who brings activities and materials to promote your child's development, health, and nutrition. To encourage social interaction, families also attend two playgroup sessions each month.

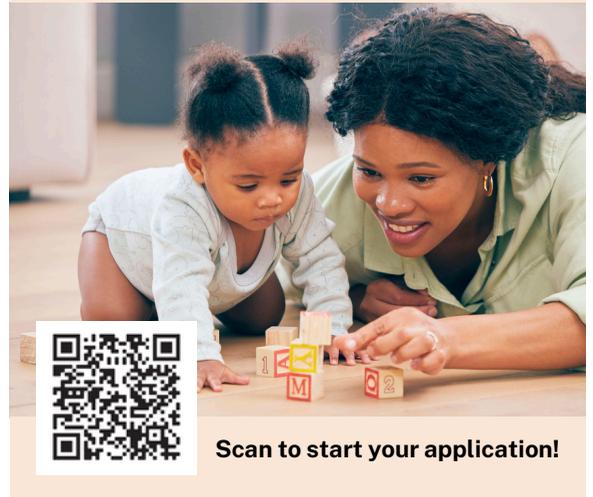

### Small Classroom/Center-Based

Three credentialed teachers provide caring and customized childcare in a multi-aged classroom of only nine children (ages 6 weeks to 3 years old). This option supports parents who are working or attending school. Child Care Assistance is accepted.

## Amazing Benefits for You and Your Child!

- Personal support from caring early childhood experts.
- Prenatal education for expectant mothers.
- Screenings of the child's health, development, hearing, and vision.
- Referrals to community services to meet each family's needs.
- Resources to ensure your child's health, safety, and good nutrition.
- Services tailored for children with special needs.
- Support for parents as their child's most important teacher.
